Increase of grant-in-aid to the Industrial School at Hassan

From

The Inspectorate of Education in Mysore

No 10029 / 623 Dated 13 3 06 Received 16 3 06

Diary No 7844 | Enclos — | Spare Copies — | Serial No

BRIEF ABSTRACT OF LETTER

Recommends that for reasons given the present grant-in-aid of Rs 1200/- a year of the Hassan Industrial School may be raised to Rs 1800/- a year or Rs 150 a month

NOTES AND ORDERS

By Govt order No 1092x 27-28 of the 8th March 1898 the yearly grant of Rs 1000/ to the Industrial School at Hassan was raised to Rs 1200/ a year The D G of Revenue & Commissioner states that

NOTE:—First sheet

IGCH —30 000—17 9 06

Serial No

that when the grant was thus raised, the Superintendent of the institution was authorized to draw Rs 110/- a month from the Treasury and to refund whatever Rs 120/- or more, so as to bring the amount of the grant-in-aid Rs 1200/- a year, that out of the Rs 110/- thus drawn, Rs 79 goes towards Establishment and Rs 31/- towards Scholarships, that as the strength of the School has risen to 29 and more than Rs 5/- a month has been given away as Scholarships, the excess over Rs 31 being deducted from the income of the School, and that at the same time, a blacksmith, a painter and a textile worker have been employed in addition to Carpenter Instructors and that under these circumstances the grant of the School may be raised to Rs 15/- a month or Rs 180/- a year with effect from the 1st July 1905

MGCPI—50 000 1 0

Serial No

on condition that a sum of Rs 45/- at least shall be spent on scholarships The sum of Rs 150/- is proposed to be distributed as follows -

Establishment Rs 80/-
Scholarships " 45
Despatch allowance " 25

Extra demands such as added scholarships, temporary wages Cost of materials to be met from sale proceeds

The D E recommends that the grant to this school may be paid from Local Funds & included by from State Funds from the current Off year. Submitted for orders

In this connection it is submitted that the accumulated balance in favour of the L F fund which was Rs 3,03,928 at the beginning of the year 1903-04 was reduced to Rs 232,551 at the end of that year

The estimated balance on 1st July 1905 will be Rs 1,05,529/- only, provided there should be no large lapses during

NOTE—Cont sheet

Serial
No

during the current year and the receipts for 1904-05 are nearly the same as the actuals of 1903-04 viz Rs 1,05900/-

Including the receipts which may be estimated at Rs 1,05900/- for 1905-06, the amount available for expenditure will be Rs 2,11,429 deducting therefrom the estimates of the Indigenous Hospital at Mysore and Pilgrim Chattram at Bangalore as also

Industrial Schools 1905-06	Rs 7,953	
Indigenous Hospital at Mysore and Pilgrim Chattram at Bangalore 1905-06	2,214	
	90,167	

of the Industrial Schools already ordered to be debited to L F Genl amounting to Rs 90,167/- as also the cost of the Hassan School now proposed to be debited to the same fund, the amount available for expenditure on works to be executed by P W D will only be Rs 1,19,462 whereas from enquiries made, it is ascertained that the D P W has provided in the Budget for 1905-06 Rs 1,65,000/ which will result in a debit balance of Rs 45,538/-

Serial No 3

Submits the Statement called for in Sl No 2 and explains the necessity for raising the grant from Rs 1,200 to 1,800 per annum - Subs for orders - The Consolidated State Budget has already been passed It contains no provision for the increased grant recommended

With regard to the other question viz transfer of the cost of maintenance of this School from the State Funds to the Local Funds Govt it is Subs that the question of transferring the cost of all Industrial Schools at present maintained from the State Funds to the Local Funds Govt is now under consideration (Vide file put up) - In this file the Asstt Secy has ordered that the question may await the receipt of the Statement of the Resources of the Local Funds Govt called for from the Comptr in the Local Fund Section (I)

The Comptrollers Statement may be awaited

Serial No 3

The Statement called for from the Comptt has been received The Comptt states that the correct figures for 1904-05 cannot be given now as the accounts for that year have not yet been closed. From the Statement, now rec'd, the probable opening balance at the end of June 1905 would be Rs 1,21,860 From calculating the receipts and expenditure during 1905-06 it appears that there will be a closing balance of only Rs 14,387 at the end of 1905-1906 (Please see Calculations made on the note of the linked file re addl charges for the Engineering School at Mysore)

The Budget Estimates of the Industrial Schools for 1905-06 have already been passed

Subj for orders The object of the present reference (Visitor's 26/11/05) is to give an allowance of Rs 25/ per mensem to the Superintendent tho' there is a Foreman on Rs 30/ a month & to distribute the remainder as additional Scholarships.

Since the Government have sanctioned a grant-in-aid of Rs 1200/.

Note—Contn 1 ct

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 10029/623 Camp Nandidrug Hengulore 13 May 1905

From

H J BHABHA Esq
Inspector General of Education in Mysore

To

B K Venkatavarada Iyengar Esq
Secretary to the Government of His Highness
the Maharaja of Mysore Revenue and General Depts
Bangalore

SIR,

I have the honour to inform you that the Hassan Industrial School which is aided by a grant of Rs 100 from the State Funds has been managed by the Headmaster of the Hassan High School as Superintendent in a satisfactory and efficient manner for the last 10 years but the present grant leaves no remuneration for the Superintendent and with considerable difficulty scholarships are now being paid In all the recently opened Industrial Schools provision is made for a monthly remuneration for the Superintendent The Superintendent of the Hassan Industrial School has to manage an important school with a limited income and grant and he finds it very trying work to make both ends meet while he receives no remuneration himself

2 By Government Order C No 14-15 of 30 April 1898 a yearly grant of Rs 1000 was sanctioned for the school This grant was raised to Rs 1200 a year from 1st March 1898 by Government Order No 10987-8 / Ed F 96-98 dated 8 March 1898 When the former grant was in force, out of the monthly grant of about Rs 80, Rs 61 was utilised for establishment and Rs 19 for scholarships When the grant was raised to Rs 1200 a year the Superintendent was authorised to draw Rs 110 a month from the Treasury and to refund Rs 120 or more a year into the Treasury, so as to bring the amount of the

the grant within Rs 1200 a year Of the 110 Rs drawn every month Rs 79 goes towards the establishment and Rs 31 towards scholarships Of late the strength of the school has increased to 29 and more than Rs 50 a month has been given away as scholarships, of which the excess above Rs 31 is derived from the income of the school At the same time in addition to carpenter maistries a blacksmith a painter and a rattan worker have been employed

3 Under the above circumstances I recommend that Government may be pleased to raise the grant to Rs 150 a month or Rs 1800 a year with effect from 1st July 1905 on condition that a sum of Rs 45 at least shall be spent on scholarships Out of the Rs 150 a month Rs 80 will go towards the cost of monthly establishment Rs 45 towards scholarships and Rs 25 will be left for the Superintendent's allowance All extra demands such as additional scholarships temporary wages cost of materials like timber iron rattan paint locks hinges &c will be met from the sale proceeds The net cost to Government will be Rs 1800 the amount of the grant recommended which is not excessive considering the usefulness of the school and the amount of work turned out by it I also recommend that the grant to this school may be paid from the Local Funds General and not from the State Funds from the ensuing official year

I have the honour to be

Sir

Your most obedient servant

H J Bhabha

Inspector General

1st July 1905

H. Wilson Inspector General

Enclosure to Docket No 113/13 of the 4th July 1905

Explanation

Scholarships — The number of scholars average between 25 and 30, so that if they get 2 or 3 Rs each the cost per year comes to about 800 Rs, hence the necessity for Extra Scholarships' Again as they advance they earn a good deal more and often an extra Carpenter has to be engaged hence Esd allowances

Small Stores — This includes a large number of articles such as Socks — bolts, Screws, hinges, nails, Iron brass, Copper, Varnish, paint polish wax, cattle fodder, Cotton — cloth, oil — cloth, tape, charcoal, husks &c which can be given in detail if necessary

Remitted to Treasury — As Rs 1320 is drawn from the Treasury every year, Rs 120 has to be returned to Keep the Grant within the Sanctioned Rs 120

The Teaching Staff consists of 1 Foreman on Rs 30, one Carpenter on Rs 20, one cart on 12 Rs, on Cooly on 6 Rs which amounts to 816 Rs a year a little more is given sometimes by way of encouragement.

From allowances also, the extra establishment is paid such as a Blacksmith on Rs 20, A cane man on Rs 8 or 9, a Painter on Rupees 8 or 9
